OUR

BOARD

Our Vision

- Our main goal is to disseminate of Science & Technology. And to be the link between the science creators and the students.
- We aim to achieve this goal through sessions and workshops based on theoretical knowledge and to prepare students for the job market with practical expertise.
- We provide technical support for whoever need to solve hard problems they face in any current project from the starting point to an advanced one (Programming, Network, Cybersecurity, Electronics, and Freelancing).

What we do ?!

- 1- We provide events and workshops for ages between 12-30 years.
- 2- Provide whatever is needed to enter the track.
(Speakers, Co-working spaces, Resources, and Tools)
- 3- Trying to be an interface between opportunity searchers and experts in companies and startups.
